Work Experience

HBO Senior Product Designer
2015 – PRESENT | SEATTLE, WA

Collaborate with product, engineering and design teams to deliver industry-leading features for our suite of HBO products, platforms, and services. Define product strategy and lead design of cross-platform features for web, iPhone, iPad, Android, and connected television devices.

STUDIO BATTLE Independent Design Consultant
2008 – 2015 | SEATTLE, WA

Consulted with clients to create and strengthen their brand identity and create unique and easily accessible digital products, interfaces, and experiences.

RATIO Senior User Experience Designer
MAY – NOVEMBER 2014 | SEATTLE, WA

Lead creative vision, product requirements, user interface specifications, wireframes and functional prototypes for a variety of client products. Collaborated with Product team to present design comps and strategy to client and partner stakeholders.

MICROSOFT Senior User Experience Designer
FILTER AT MICROSOFT | 2013 – 2014 | REDMOND, WA

Lead UX designer of a product team designing the next generation of large-screen touchscreen experiences within the productivity space. Partnered with development teams to manage the design process, drive design decisions, track design issues and ensure that design specifications and intent were implemented.

UIEVOLUTION User Experience Designer
2012 – 2013 | KIRKLAND, WA

Lead product designer for agency client Princess Cruises. Designed the complete front-end guest television user interface and experience, centered around in-suite entertainment, live television and interactive apps, but also aligned with Princess Cruises' brand identity.
